"The most educational experience of my life," was the comment on the recent debate tournament at Whitman College made by Naomi Williamson, freshman member of the women's team. Miss Williamson and her partner, Arlene Stewardson, sophomore, debated against five of the best women's teams in the Empire Area. All four of the teams which were tied for first honors in the women's division were among their opponents.

The men's team, Donald Farrand, senior, and Wesley Johnson, junior, won the cup in the division by 5-0 against the teams opposing them.

Don and Wes will enter the Western Speech Association, November 21-23, at Stanford University in California, to debate again on the question of "Nationalization of Basic Industries." Bob and Jack Burke will team up to debate the adoption of a Marshall plan for the Orient. Also debating this plan will be the two Paula's — Southland and Boyd. They will also participate in the Student Congress which will pass on recommended legislation affecting nations of the Orient.

Coach Mallalieu Wilson accompanied the debaters to Walla Walla, where he served as judge of debates between other schools.

What Does a College Education Cost?

by Wesley Johnson

It takes money to go to college. Fortunately, the student doesn’t have to bear the full cost. It takes a combination of scholarships, grants, and earnings to cover the expenses (including board, room, tuition and fees, books and supplies, and other incidental charges). The combination of one or more of these helps to ‘bear the cost.’

In addition to these items it is necessary to maintain an investment of from $2,000. to $5,000. in buildings and equipment for one year. Each college has a book of which YOU actually pay, then ask yourself the question. ‘Who pays the balance?’

Furthermore, how much would you pay the sum of $700. to $980. for the past expenses of the college who pay one-third of your college expenses. If these three-thirds instead of two-thirds were required, many would be surprised to know that many so-called small items add up to a “T.” nice, slim, slick, black broom. On that night of all nights, in a corner of the woods, he laid down and a French horn player and string basses.

There will be the semi-annual concert, the first of which is coming in January. The solos at these will be sung by Doris Smith and Miss Carol Allen. For the spring concert Mr. Epp wants to use students and outstanding students in the solos. This year the band has 15 members. The number is surprising small. Clarinet, trumpet, saxophone, and trombone players are needed. The band will function at the basketball games as 2 pep band.

“Do we hope,” he said, “to present a spring band concert IF enough students are interested.” But “I can’t play all of the instruments.”

If any of you students who play instrumenst but are not participating in either of these groups, why not come out to the rehearsals. What do you say we all cooperate to make these events as one of which N.N.C. can be proud.

I Don’t Believe In Money

by Madonna Pullen

I don’t believe in money. I believe in a medium of exchange which money represents but our society has built money into a personality. If this personality looks upon us with favorable eyes we are friends and persons of value. If disdain is our reward for the person who has few favorites and is subject to the wrath of the tax collector. The nation raises taxes each year. More and more goes to the government. In the face of this legislation the student is forced to pay more for his education. It is being taught that the young man must work for his education just as he works for his living. If I am to have my way there will be free education to the people at a cost to the nation. We must have a reformation of the educational system in this country. It is necessary if the student is to be a brainwashed citizen of our country.

Trojans Close Year Against Greenleaf

Greelen's undefeated Grizzlies, traditional enemies of College High School, come to Kurtz Park this afternoon in the final game of the year for the Trojans of Tiny Bellamy.

Winner of nine games all by overwhelming margins, the Grizzlies will be seeking their second win from the Trojans whom they defeated several weeks ago at Greenleaf. Since that time however, the Nampans have shown considerable improvement and may prove a formidable foe for the visitors who are generally rated as the top six-man outfit in the state.

For five members of the CHS starting lineup this will be the final game; they are Harry Beukleman, Curt Beukleman, Ray Williams, Dale Lilly and Glen Vail. The Trojans will round out the opening array.

The Grizzlies are paced by Don Dunne Volk, reserve center for the Trojans snags a pass in a recent practice session as Coach Tiny Bellamy watches in the background.

NANC's New Church

by Rev. Riley

The centrality of the religious interest here at N.N.C. indicates that one of the most significant buildings on the campus is Col-

lege Church, the centre of our religious life.

Our new church is different from all the rest of the buildings on the campus in that it has been, not with funds from the Education Zone or from the Board of Regents, but with the sacrificial gifts and untiring labors of all the members of our local church, both students and resi-

dents.

The spectacle of our beautiful $300,000 building towering at the edge of the campus, solidly ass-

uring us of generations of ser-

vice if the Lord tarries, is an inspiration to all of us. The knowledge that the Lord has helped us to build such an edi-

fice with an indebtedness of only $100,000 financed across fifteen years is a source of satisfaction to us all.

Finishing our last bills this month is the great goal and our most pressing need. Already more than $10,000 of the $15,000 goal we set has been received. We believe that our people are going to find that other $5,000 before Christmas.

This moving into our new church is but the signal for a new day of progress in the spiritual life of the church—growth in every department, in the widen-

ing influence of the church and in the spiritual vitality of this center of Zion.
